## **Pasco Utilities Customer Service Temporarily Relocates**

*~~Renovations impact New Port Richey location only~~*

**PASCO COUNTY, FL** ---- Pasco County Utilities, west side Customer Service Center for walk-in and drive-through customers located at 7536 State Street, New Port Richey, will be temporarily relocated beginning Monday, November 14, 2016. Building renovations are forcing the relocation of these services. Construction is expected to be completed by mid-summer, 2017.

Utility customers may still receive services in New Port Richey at two temporary locations:

**WALK IN LOCATION:** Walk-in customers will be able to use a temporary office/trailer in the existing Utilities Building parking lot located at 7536 State Street, New Port Richey (*northeast corner of State Street and Government Drive*).

**DRIVE-THROUGH LOCATION:** A temporary drive-through only location will be open at the Pasco County Building Inspections office located at 7508 Little Road, New Port Richey (*enter on Government Drive, then take an immediate right turn*).

See link for map of temporary locations:

“We apologize to the utility’s customers for the inconvenience, but with the temporary location we plan to keep servicing our customers near this location,” said Flip Mellinger, Assistant County Administrator for Utilities. “We also encourage our customers to sign-up for automatic bill or use our pay-by-phone or internet options.” Click link here:

The Dade City and Land O’Lakes Utilities offices will be unaffected by the move.

Pasco County’s Utility Customer Service can be reached by calling 727.847.8131.
