Hate To Wait? MyPasco App Adds New Feature

~~Live wait times available for Central Permitting’s New Port Richey location~~

PASCO COUNTY, FL ---- If you’ve ever wanted a crystal ball showing you how long wait times are for construction permits – your wish is now reality with the latest [MyPasco App](#) feature.

Central Permitting Wait Times is a new addition to the MyPasco App menu allowing [Building Construction Services](#) customers to see a live view of Permitting and Zoning wait times and peak hours before heading to the New Port Richey office.

“We’re already hearing from our customers who appreciate this new feature,” said Building Construction Services Director Esther Oluyemi. “The convenience of being able to see live wait times on the MyPasco App is very helpful in planning their trip to our office.”

Pasco County continually strives to improve customer service and respond effectively to our citizens’ needs. The new [Central Permitting Wait Times](#) and [Report Illegal Dumping](#) buttons on the MyPasco App are just two recent examples of that commitment to our customers and to our communities.

The free MyPasco App is available in the [Google Play](#) or [App Store](#).
