County assessing storm-related debris for flooded residents

~~County will require debris to be piled up by the curb~~

PASCO COUNTY, FL ---- Pasco County is in the process of assessing the amount of storm and flood-related debris that has been left by Hurricane Hermine.

All residents are urged to report storm-related damage and storm-related debris to Pasco County Customer Service via email at customerservice@pascocountyfl.net.

Homeowners will have to place all debris materials at the curb or street side for roadside pickup. Residents should be aware and avoid blocking fire hydrants, mailboxes, electrical boxes or any other structures.

Materials should be separated into separate piles in the following categories:

- Furniture
- White Goods (major appliances, domestic appliances, etc)
- Construction Materials
- Vegetation

To prevent long term damage, there will be no garbage/debris pickup on flooded roads.

For questions, call Pasco County Customer Service at 727.847.2411.
