Pasco Emergency Management continues to seek damage assessments from citizens and urges caution due to debris

PASCO COUNTY, FL ---- Pasco Emergency Management is advising the following to Pasco citizens:

-Moon Lake Park boat ramp is closed until further notice. Water has risen to dangerous levels and this effort is being done to protect the homes along Moon Lake.

-Emergency Management field staff working along the Gulf of Mexico has identified debris in the rivers and canals. This debris can be very dangerous to boaters. Boaters are urged to use caution if venturing out this holiday weekend. Hitting debris unexpectedly can cause severe damage to boats and occupants.

-Pasco residents and businesses owners are asked, if they see damage or have damage to report it to Pasco County by calling the County Customer Service line Saturday at 727.847.2411 or email the location address, damage description and phone number to customerservice@pascocountyfl.net

-Residents who live along the rivers should anticipate some river flooding along the Anclote River especially around Elfers over the weekend. Residents who live along all Pasco Rivers should remain vigilant especially if afternoon rains develop this weekend.

-One sandbag location is open at the West Pasco Government Center location on Government Drive in New Port Richey, self-service only.

-If you live in an area experiencing flooding and need help, please call 911.
