Pasco County Extension to Offer Air Potato Control Workshop

~~Invasive plant-eating beetles given away as door prizes~~

DADE CITY, FL ---- An air potato and invasive management workshop will be held Saturday, June 25, from 10 a.m. to 11:30 a.m. at the UF/IFAS Pasco County Extension Office at 36702 State Road 52 in Dade City, FL.

This particular workshop is designed for home and property owners who would like information on controlling the invasive air potato plant. The Florida Department of Agriculture and Consumer Sciences will provide air potato beetles as door prizes. Air potato beetles are an exceptionally effective method of controlling air potato plants without harming other species. Note: We cannot guarantee everyone will receive air potato beetles; they will be given away randomly as door prizes. The workshop costs \$15 per person and pre-registration is required. To register and buy your ticket, please go to <http://airpotatoworkshop.eventbrite.com>.

For more information about the UF/IFAS Pasco County Cooperative Extension Service Office, visit our website at <http://www.pascocountyfl.net/Index.aspx?NID=381> or call us at (352) 518.0156. The Pasco County Cooperative Extension Service assists Pasco County residents by delivering practical, educational programs in environmental horticulture; sustainable agriculture; 4-H and youth development; and family and consumer sciences.
