Pasco County launches 2017 Online Citizen Survey

~~Survey will solicit feedback from residents for the future of the County~~

NEW PORT RICHEY, FL ---- [Pasco County](#) is launching its annual **Citizen Survey** starting on Monday, April 17, 2017. The survey has been conducted every year since 2009 to solicit feedback from residents on a variety of topics related to the future of the County such as transportation, parks, emergency services and growth. The survey is intended to help the [Pasco County Board of County Commissioners](#) with planning discussions and decision-making.

[The Citizen Survey](#) is available online and will remain open through May 31, 2017.

The survey also asks how often citizens use Pasco County Government-provided services and solicits feedback on how well the expectations for service delivery are met. Pasco County received 4,642 responses to the Online Citizen Survey in 2016 – up 250 percent from 2015!

“We had an incredible response to the Online Citizen Survey last year,” said Dr. Marc Bellas, Organizational Performance Management Director. “The survey is a way for residents to be a part of the decision making process. It’s vital for the Board to know what issues are important to our citizens.”

To take the survey, visit the [Pasco County](#) website at www.pascocountyfl.net and click on the survey link on the homepage – or take it now by clicking on this link: <http://svy.mk/2omyNaN>.

Citizens can also take the survey during [Pasco County’s Disaster Expo](#) on Saturday, April 22, 2017. Look for the Pasco County Emergency Management booth during the Cotee River Seafest in downtown New Port Richey’s Sims Park.
