Pasco County Construction Services to Launch New Permitting Software

~~Central permitting will be temporarily closed as system is upgraded~~

PASCO COUNTY, FL ---- Pasco County's Building Construction Services will be transitioning to the new Accela permitting software system this weekend. During the upgrade Central Permitting, at all three locations, and Zoning/Site Development will be closed to the public all day Friday, April 8th and Monday, April 11th until 1:00 p.m.

Online access for inspection requests and inspection results will also be suspended Thursday, April 7th at 2:00 p.m. and will resume Monday, April 11th at 1:00 p.m.

During the week of April 11th, the Land O'Lakes office will be closed while staff is being trained on the new system.

"The Accela permitting software will completely revolutionize how we do business," said Don Rosenthal, Assistant County Administrator for Development Services. "We apologize for any inconvenience to our customers during this transition and thank you for your patience while we make these improvements."

The new Accela program, which puts all construction and permitting information in one place, will make it faster and easier for customers to request services and monitor the progress of their projects. The program will also allow our building inspectors to immediately accept additional service requests in the field. Our professional customers will have to create a free online account to access to the new system. Just click on this link: <https://aca3.accela.com/PASCO>
