

FLASH REPORT 3-2016 – COLD WEATHER ALERT

County Emergency Operations Center Level: 3
 January 18, 2016: Published at 1300 HRS EST

CURRENT SITUATION:

A cold front will be moving into our area that will allow temperatures to fall into the lower 30's tonight. These conditions will continue Tuesday overnight and early Wednesday morning and then begin a warming trend as we move toward weekend.

These low temperatures and wind chills are dangerous to anyone who will be outside for a long period of time. Children, the elderly, and pets are especially vulnerable to the cold and extra care should be taken to protect them. Make sure to bundle up and dress in layers to keep as warm as possible!

LOCAL ACTIONS:

- Cold Weather Partners have been notified
