## Public Notice of the Pasco County Local Mitigation Strategy Working Group Annual Update Meeting

### January 23, 2019, Meeting (2:00 p.m. to 4:30 p.m.):

Notification is hereby given to the public for the upcoming Local Mitigation Strategy Working Group (LMSWG) meeting to discuss last-minute items for the overall Local Mitigation Strategy Plan. This is one of the final steps as Pasco County works to complete the 5-year Federal Emergency Management Agency (FEMA) update. This update is necessary to renew the Pasco County LMS plan for an additional 5 years and to ensure FEMA funding remains eligible for the County.

In addition, this meeting will feature a guest speaker representing the Geographical Information Systems Department. There will be status updates for the current Hazard Mitigation Assistance grants and retiring previously identified projects on the LMS Project List.
