Pasco County Pursues Economic Growth with Overpass Business Park *~~Florida Job Growth Grant Fund awards Pasco \$3M, supporting innovative, new project~~*

PASCO COUNTY, FL ---- The [Pasco County Office of Economic Growth](#) is transforming County-owned land along the Interstate-75 corridor into high-paying jobs and opportunity, thanks to a generous \$3,088,580 award from the Florida Job Growth Grant Fund. Once complete, the [Overpass Business Park](#) project will support four to five thousand jobs and be home to 2.2 million square feet of industrial and office development.

“Overpass Business Park represents another realization of Pasco County’s ongoing commitment to strategic, robust economic growth, and we sincerely thank the State for its partnership in moving this critical initiative forward,” said Pasco County Economic Growth Manager David Engel.

The 100-acre, shovel-ready economic development site overlooks I-75 and is located 1.5 miles north of State Road 54 and just south of the proposed new connection at Overpass Road and I-75. The Overpass Business Park project represents a qualified, [targeted industry](#) development, strengthening Pasco County’s position as a competitive business environment, while providing employment opportunities for its residents. Currently, the project design is in its final stages. By 2022-2023, the site improvements will be completed and Overpass Business Park will be ready for development.

The [Florida Job Growth Grant Fund](#), established in 2017 by Governor Rick Scott and the Florida Legislature, provides \$85 million for improving public infrastructure and enhancing workforce training in Florida. Since July, the Florida Department of Economic Opportunity (DEO) has received more than 100 proposals requesting over \$610 million in funding.
