Lifetime Tags and Online Pet License Renewals Available in Pasco

~~Pasco County Animal Services makes it easier to keep your pets current~~

LAND O’ LAKES, FL ---- Keeping your pet’s license current just got easier thanks to [Pasco County Animal Services](#)’ (PCAS) new lifetime pet license program and [online purchasing system](#). Existing licenses can now be replaced with a lifetime tag at your pet’s renewal date. The new tag remains with your pet for life, eliminating the need for annual replacements.

Online purchasing simplifies the process, allowing pet owners to purchase a new or renewal license, or replacement tags without visiting the shelter or a vet clinic.

Use the [online portal](#) to:

- ✓ Create a profile for each pet
- ✓ Upload proof of rabies vaccination
- ✓ Request new license tags, renew expired license tags or order replacement tags
- ✓ Make payments for licenses

There are no changes in cost for this new and upgraded service, and PCAS will send your tag in the mail. To view the licensing fee schedule please visit: hbit.ly/31C0kJ4.

Pasco requires current licensing for all dogs and cats four months of age or older. Owners of unlicensed pets can receive fines up to \$125 per unlicensed pet. Pet licensing helps ensure public safety and rabies prevention.

For more information and updates, follow PCAS on [Facebook](#). You can see all the pets available for adoption online at: [Petango](#).
