

Important update

COVID-19 Office Closure Information

Due to the increasing concerns regarding COVID-19 we have decided to minimize current health risks to both our customers and team members. We are following the Center for Disease Control's social distancing best practices recommendations and closing walk-in public services at all of our office locations until further notice, beginning Monday, March 23, 2020.

We will continue to perform our statutory duties and serve the public via phone and web services during our regular business hours. Please use these methods to conduct business with our office during this trying time.

We have a strong staff that will be available during regular office hours to answer phones, emails and process any online Exemption applications or questions you might have.

Communicating with our office during COVID-19

We highly encourage you to utilize our online forms whenever possible and particularly during this challenging time. Please visit our website at www.pascopa.com or call our offices at the following locations, Dade City- 352-521-4433, Land O' Lakes- 813-929-2780 or New Port Richey- 727-847-8151.

Best Wishes,

Gary Joiner
