Do You Have Unused or Expired Medications in Your Home?

Dumping prescriptions down the drain or toilet causes water contamination and pollutes our environment.

MEDICATION INVENTORY CHART

Use this chart to keep track of the prescriptions you keep in your medicine cabinet. Be sure to list both the name and strength of all prescription and non-prescription medications. You’ll also want to include the date the prescription was filled, when it expires, and the original quantity. Regularly count how many pills you have left and mark the date.
