

# Get Involved

Do you live or work in Pasco County?

Are you 18 years of age or older?

Would you like to learn more about local government?

Have you wondered how the County's budget is developed?

Do you know how the County is structured?

## How well do you know your local government?

Pasco County is offering its seventh Citizens' Academy, providing citizens the opportunity to learn more about their county government. The Board of County Commissioners, Constitutional Officers and other officials, together with county staff support this program by providing informative sessions designed to give citizens hands-on experience in the vastly different departments, programs, and services that make-up Pasco County government. Applications are open until August 10.
