Re: Letter of Intent for I-75 at Overpass Road Interchange - BUILD Grant

Dear Ms. Bolduc,

This letter is to confirm the intent of the Florida Department of Transportation to assist Pasco County with the construction of a new interchange at I-75 at Overpass Road.

The project will provide a new ingress and egress point at I-75 and the existing overpass located at Overpass Road, between State Road 56 and State Road 52. The interchange will provide a new interstate highway connection to a fast growing area of eastern Pasco County.

It is our understanding that local funds are available to match state and federal funds to fully fund this project. State funds should be available to support the project should it receive discretionary grant from the U.S. Department of Transportation.

Please keep my staff informed of this effort as it moves forward and direct any questions to Ed McKinney, Planning & Environmental Management Administrator at [Edward.mckinney@dot.state.fl.us](mailto:Edward.mckinney@dot.state.fl.us) or (813) 455-1130.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Moss". The signature is written in a cursive, flowing style.

Richard Moss, PE  
Director of Development, District 7
