## Public Notice of the Pasco County Local Mitigation Strategy Working Group Quarterly Meeting

### June 12, 2019, Meeting (2:00 p.m. to 4:00 p.m.):

Notification is hereby given to the public for the upcoming Local Mitigation Strategy Working Group (LMSWG) meeting to discuss the next steps in the 5-year update to the Local Mitigation Strategy Plan. The plan is currently moving through the jurisdictional adoption process and this meeting will provide an adoption update and deadlines for all involved. The adoption process is necessary to officially renew the Pasco County LMS Plan for an additional 5 years, and to ensure FEMA funding remains eligible for the County.

In addition, this meeting will host a guest speaker who will present the Resilient Tampa Bay Transportation Project progress. This information, when finalized, may be incorporated into the LMS Plan. Furthermore, there will be status updates for the current Hazard Mitigation Assistance grants and adding newly-identified projects to the Active LMS Project List.

For more information regarding the Pasco County LMS and previous meeting minutes, please visit the Pasco County Emergency Management Mitigation website: <http://bit.ly/2Aub3La>.

For questions or more information, please contact Emergency Management Coordinator Ian Eppig at 727.847.8137.
