

Partnership Fact Sheet: Businesses

The once-a-decade population count provides rich data on communities, including trends in the population, projections of growth, and information on demographics. These data are valuable to businesses—they help inform better decision-making regarding business expansions, closures, hiring strategies, and other business practices to decrease perceived risks and increase return on investments. Join us to spread the word about the importance of the 2020 Census and help ensure a complete and accurate count.

- Help business owners enhance hiring practices and identify skilled workers.
- Offer valuable information on your customer base, including income levels, household size, and homeownership, which can further inform business strategies such as pricing and locations.
- Determine how much funding your community receives and its representation in government.
