

JOINT FEDERAL, STATE, LOCAL

PUBLIC NOTICE

12/17/2020

The Federal Emergency Management Agency and Florida Division of Emergency Management have received the following application for Federal grant funding. Under Executive Order (EO) 11988 and EO 11990 FEMA is required to consider alternatives to and to provide public notice of any proposed actions in or affecting floodplains or wetlands. EO 12898 also requires FEMA to provide the opportunity for public participation in the planning process and to consider potential impacts to minority or low-income populations.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions.
