or call 727-834-3611.

Meet Michele Storms.

Michele joined Pasco Public Works in May 2020. She joined the team as an Administrative Secretary II and in November 2020 was promoted to Support Specialist-Personnel.

Michele serves as a liaison between Public Works and Pasco's Human Resources.

In her current position, Michele is responsible for the new hire process, including job postings, receiving and sorting resumes, setting up interviews and completing all new hire paperwork. She is also responsible for tracking promotions and evaluations.

She serves as a back-up to completing Public Works' payroll processes and is creating Public Works onboarding orientation program.

Michele also handles the ordering of work boots for crew members and coordinating the annual Boot Truck Days.

For a consecutive three days, a truck full of boots visits each of Public Works three offices (New Port Richey, Shady Hills and San Antonio) delivering boots.

Michele enjoys working with different people every day. Her day-to-day duties are not monotonous.

"There is something new every day," Michele said.

In her previous career, Michele spent 16 years at Career Source handling welfare and food stamp programs.

In her spare time, Michele can be found on a softball field cheering on her

11-year-old daughter, Bella, who plays travel ball.

Michele also enjoys shopping and watching reality TV.

Michele's oldest daughter, Ali, 18, is a college student studying forensics.

Michele is married to Jeremy.

She has a Beagle named Seaver, who is named after the New York Mets pitcher, Tom Seaver. Michele is a big Mets fan.

••••

Michele is an integral member of the Public Works team.

Thank you for your service and dedication, Michele.
